## INTRODUCTION

This Report highlights the activities of the Transportation Professional Services Selection Board (TPSSB) during Fiscal Year 2007 in conjunction with the selection of consultants for Architectural/Engineering (A/E) projects processed through the TPSSB, for the Maryland Department of Transportation (Department), in conformance with applicable laws, regulations and internal guidelines.

The contents of this report have been organized under the following topical headings:

- Executive Summary
- Minority Business Participation
- Changes in Laws, Regulations, and Internal Guidelines
- TPSSB Membership and Composition
- Consultant Selections
- Certification for Consultant Services

Appropriate attachments have also been provided detailing Department Consultant Screening Committees and Negotiating Teams membership; consultant selections, including project & proposal data/time involved; projects certified by the Secretary of Transportation (Secretary) for consultant services for FY'07 and revisions to three (3) previously certified project for FY'06, one (1) project for FY'05, and two (2) projects for FY'00.

## EXECUTIVE SUMMARY

The major facts and conclusions contained in this report are as follows:

1. The TPSSB finalized 104 consultant selections. The total fees for these 104 selections amounted to approximately \$324 Million.
2. Of the total 104 selections, all were in excess of \$200,000.00 and were based upon evaluation of technical proposals and negotiated prices.
3. The total time required to finalize selections on a negotiated basis averaged 18.65 months per selection, with 18.0 months consumed by Transportation Agencies and .65 months by the TPSSB. (These averages exclude major delays attributable to non-selection related matters.) This is an increase over Fiscal Year 2006 of 3.0 months per selection in time consumed by Transportation Agencies and a decrease of 0.5 of a month for the time required by the TPSSB.

## MINORITY BUSINESS PARTICIPATION

Of the sixty-four (64) firms recommended for award of a contract on one hundred and four (104) projects in FY'07, Five (5) were minority firms. Seventy-seven (77) minority firms were utilized as subcontractors on these projects.

## CHANGES IN LAWS, REGULATIONS, & INTERNAL GUIDELINES

In Fiscal Year 2007, there were no changes in the State Law, the State Procurement Regulations (Regulations), or the Department A/E Consultant Selection Internal Guidelines (Guidelines).

## TPSSB MEMBERSHIP AND COMPOSITION

During Fiscal Year 2007, the membership and composition of the TPSSB was as follows:

### Permanent Members:

- Robert Sheehan, Chairman (effective 12/06)
- Francis W. Kuchta, Jr., Vice Chairman/Acting Chairman (through 11/06)
- Paul Harris, Vice Chairman (Public Member)
- Robert L. Flanagan, Secretary (Ex-Officio)
- John D. Porcari, Secretary (effective 1/07)
- John M. Contestabile, (OEPES), Alternate Secretary's Designee
- Brian J. McAllister, (OEPES), Department Member
- John L. Gowland, (OEPES), Department Alternate Member (through 1/07)

Temporary Members

The following Temporary Members represented their respective Transportation Agencies at various meetings:

State Highway Administration (SHA):

Robert Gay (Designee)  
Alan Gertner (Alternate Designee)

Maryland Aviation Administration (MAA):

Suzette Moore (Designee)  
Carol Stock (Designee)

Maryland Transit Administration (MTA):

Stephen V. Silva (Designee)  
Priscilla Jeffers (Designee)  
Vernon Hartsock (Alternate Designee)

Maryland Transportation Authority (MdTA):

Benjamin Mondell (Alternate Designee)

Executive Secretary

Dorothy E. Runkles (through 8/07)  
Trisha O'Neal (effective 9/07)

Assistance was rendered to the TPSSB through the following:

Office of General Counsel: (Secretary's Office)

Thomas G. Peter, Deputy General Counsel

Office of Consultant Services: (SHA)

Robert Gay, Chief & Staff

Various Consultant Screening Committees and Negotiating Teams of Transportation Agencies:

A list of membership to these Committees/Teams as of June 30, 2007, is provided as Attachment I.

## CONSULTANT SELECTIONS

During Fiscal Year 2007, the TPSSB met 12 times, and processed 104 selections on a negotiated basis involving 64 consultant firms. The total cost of the 104 finalized selections amounted to approximately \$324 Million.

Detailed information on the 104 finalized selections is provided as Attachments II - V. An analysis of the data on these Attachments, and other information available in TPSSB files, reveals the following:

### 1. Projects by Cost Categories:

Costs for each of the 104 selections for which consultants were selected on a negotiated basis ranged from approximately \$200,000.00 to \$21,400,000.00.

The following tabulation summarizes these selections by cost categories:

Cost Category	No. of Selections	% by No. of Selections	% by Cost of Selections
\$			
200,001 - 300,000	1	1.0%	0%
300,001 - 500,000	3	2.9%	1.8%
500,001 - 1,000,000	25	24.0%	12.2%
1,000,001 and over	<u>75</u>	<u>72.1%</u>	<u>86.7%</u>
Total	<u>104</u>	<u>100.0%</u>	<u>100.0%</u>

### 2. Selections by Technical Proposals/Negotiated Prices:

One hundred and four (104) selections were finalized based on evaluation of technical proposals and negotiated prices.

Negotiating Teams were able to negotiate a satisfactory contract with the top-ranked firms in all instances at a price, which they determined to be fair, competitive and reasonable.

There is a possibility that the TPSSB could consider a Transportation Agency's recommendation of the award of a contract to the second highest ranked firm. In addition, in cases where simultaneous negotiations with two or more firms for the awarding of identical open-end contracts from one reduced candidate list have not been satisfactory, the Transportation Agency may negotiate with, and recommend

the award of a contract to, a lower ranked firm. Neither of these situations occurred in FY'07.

3. Time Involved in Finalizing Selections:

Of the 104 selections which were finalized on a negotiated basis, the total time required for a selection ranged from 9.3 to 42.9 months, depending on the nature and complexity of the project, averaging 18.65 months per selection, excluding major delays attributable to non-selection related matters. This was measured from solicitation of interest from firms, to final approval by the TPSSB. Related actions occurring during this period were as follows:

An average of 18.0 months per selection was consumed by appropriate Transportation Agencies in making specific selection recommendations to the TPSSB. This covered time necessary for public announcements for solicitation of interest from firms, evaluation of candidate firms, any de-briefings of firms not on reduced candidate lists, preparation of requests for technical and price proposals, and evaluation of these proposals and price negotiations in order to make selection recommendations to the TPSSB.

An average of .65 months per selection was required for the TPSSB to review and finalize all selection recommendations made by Transportation Agencies, including waiting periods necessary for public announcements for TPSSB meetings, and any de-briefings through Transportation Agencies of firms not recommended for selection.

4. Inquiries and Briefs by Dissatisfied Consultants:

A total of 380 Expressions of Interest were received relating to the 104 finalized selections. A total of 165 inquiries were received from dissatisfied firms. 47 inquiries were due to non-placement on Reduced Candidate Lists, and 121 were due to non-recommendation for final selections. These inquiries were handled through appropriate Consultant Screening Committees. There were no briefs pre-filed with the TPSSB.

## CERTIFICATION FOR CONSULTANT SERVICES

During Fiscal Year 2007, the TPSSB received and recorded a total of forty-one (41) certifications by the Secretary involving A/E services, which at the time of certification could not feasibly or economically be provided through existing in-house resources, and appropriate Transportation Agencies were directed to proceed with the selection of consultants.

Detailed listings of such projects recorded by the TPSSB as certified by the Secretary are provided as Attachment VI.

### REVISION TO PREVIOUSLY CERTIFIED PROJECTS – FY'06, FY'05 and FY'00:

Revisions were recorded by the Board to the following projects previously certified by the Secretary of Transportation:

- FY'06 - (#13) Increasing number of contracts from 1 to 3 and total from \$20,000,000 to \$30,000,000.
- FY'06 – (#54) Increasing total from \$1,000,000 to \$1,500,000.
- FY'06 – (#58) Increasing number of contracts from 1 to 3 and total from \$1,000,000 to \$5,000,000 (\$2,500,000 each).
- FY'05 – (#53) Increasing total from \$400,000 to \$2,500,000.
- FY'00 – (#20) Cancellation of project
- FY'00 – (#50) Cancellation of project

These revisions are provided as ATTACHMENT VII.

### PROJECTS WITHDRAWN FROM FURTHER CONSIDERATION

During fiscal year 2007, two (2) projects, which were previously recorded by the TPSSB as certified by the Secretary of Transportation, were withdrawn from further consideration.

These withdrawn projects are provided as ATTACHMENT VIII.

Report of Activities for Fiscal Year 2007 submitted and approved at the TPSSB meeting held on January 3, 2008.

  
ROBERT K. SHEEHAN, CHAIRMAN

LIST OF PROJECTS RECORDED AS CERTIFIED BY  
 THE SECRETARY OF TRANSPORTATION  
 ESCAL YEAR 2007

ITEM	AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	SCOPE OF SERVICES SOUGHT	JUSTIFICATION FOR SERVICES	ESTIMATED COST (\$000)	CTP YEAR	DATE CRTFD BY SECRETARY	DATE RCRD BY TPSSB	DATE APPROVED BY TPSSB
1	SHA	Survey and Engineering Services in District 5 (four contracts)	Perform topographic and metes and bounds surveys, prepare metes and bounds plats, hydraulic reviews and design, roadway design and other civil engineering duties.	Current staff levels cannot handle the volume and complexity of the special projects preliminary engineering is required to meet.	\$1,000 each	N/A	8/22/06	9/7/06	
2	SHA	Traffic Studies for OOTS, Statewide Program Development (four contracts)	Research, development and planning efforts related to numerous traffic engineering related activities.	Workload of in-house staff is much higher than the current and future in-house staff can adequately manage.	\$800 each	FY07	8/22/06	9/7/06	
3	SHA	Emergency Bridge Repair Services (six contracts)	Field investigations, design, plan preparation, etc. for structural evaluation, repairs and/or rehabilitation of existing structures.	A shortage of in-house structural manpower necessitates the services of consultant engineers.	\$750 each	FY07	8/22/06	9/7/06

6	MdTA	Comprehensive Project Planning and Miscellaneous Consulting Services (four contracts)	Review, development or improvement of transportation projects or research activities.	The MdTA does not have the in house resources necessary to perform the services provided by this contract in a timely and cost efficient manner.	\$24,000 Total	FY07	10/4/06	1/4/07	
7	MdTA	Comprehensive Construction Management and Inspection Services, Miscellaneous Consulting Services for I-95 Express Toll Lanes and Other Projects Administered by the MdTA (six contracts)	CMI services for various construction projects including I-95 Express Toll Lanes on an on-call and on-site basis for a six year period.	The consultant will be used to supplement the MdTA engineering staff in order to maintain project schedules.	\$60,000 Total	FY08	11/29/06	1/4/07	
8	SHA	General Engineering Consultant, Phase II and Phase III, ICC Corridor (one contract)	Preparation of contract bid documents, schedules and the cost estimates and includes monitoring all aspects of the design, construction and contract administration of the ICC project.	The current workload of the SHA's in-house staff justifies the need to utilize an open-end GEC/Construction Management firm to provide the services necessary for the ISS corridor project.	\$169,600	FY07	10/27/06	1/4/07

LIST OF PROJECTS RECORDED AS CERTIFIED  
BY THE SECRETARY OF TRANSPORTATION  
FISCAL YEAR 2000

ITEM	AGENCY	PROJECT DESCRIPTION (PROJECT NO.)	SCOPE OF SERVICES SOUGHT	JUSTIFICATION FOR SERVICES	ESTIMATED COST (000)	CTP YEAR	DATE CRTFD BY SPECTY	DATE RCRD BY TPSSB	DATE APPRVD BY TPSSB
19	MTA	Engineering and Inspection of Rolling Stock	Upgrades, overhauls, procurement of additional vehicles, performance evaluations, technical studies and trouble shooting assistance.	MTA does not have sufficient resources and wide array of technical design knowledge for managing a highly diverse complement of rolling stock.	6,000	FY'01	8/11/99	9/2/99	8/3/00
20	SHA	"Thinking Beyond the Pavement" Program, Phase 3 – Context Sensitive Design Awareness	Support services for the development and delivery of program.	SHA does not have the technical staff available.	\$500	FY'00	11/29/99	1/6/00	9/7/06/W
22	SHA	Travel Forecasting – Project Planning (4 contracts)	Provide traffic forecasting assistance by performing project work during peak load periods.	Not enough staff to cover peak work load periods.	1,000 each	FY'00	11/29/99	1/6/00	3/1/01A 5/3/01C,D 7/5/01B
23	SHA	Environmental and Engineering Services, Statewide (2 contracts)	Environmental and engineering services to obtain National Environmental Policy Act approval.	Insufficient in-house staff.	1,000 Each	FY'00	11/29/99	1/6/00	INCLUDED WITH #9
24	SHA	Engineering and Survey Services, District 6 (2 Contracts)	Prepare construction contract plans, documents and necessary related field services.	Increase in Special Projects has exceeded the capabilities of the staff.	500 Each <b>Rev. 750</b> Each	FY'01 <b>12/8/00</b>	11/29/99 <b>12/8/00</b>	1/6/00 <b>2/1/01</b>	3/1/01II
25	SHA	Survey and Engineering Services, District 4 (1 Contract)	Field survey services and other related office activities for preparation of metes and bounds plats, etc.	Increase in Special Projects has exceeded the capabilities of the staff.	500	FY'00	11/29/99	1/6/00	2/3/00J
